Oxy is an international oil and gas exploration and production company with assets in the United States, Middle East, Africa and Latin America. Our wholly owned subsidiary OxyChem manufactures and markets basic chemicals and vinyls. Our Oxy Low Carbon Ventures subsidiary is advancing cutting-edge technologies and business solutions that sustainably grow our business while reducing emissions.
A Leading Oil Producer in Algeria
Oxy is a leading foreign oil producer in Algeria, currently producing from three megaprojects in partnership with Sonatrach, the state-owned energy firm. The projects—Ourhoud, Hassi Berkine (HBN) and El Merk—are in the Sahara Desert.

30 Years
Oxy’s relationship with Sonatrach dates back more than 30 years. Sonatrach and then-Anadarko formed a joint-operating association called Groupement Berkine.

2.6 Billion Barrels
The Groupement Berkine partnership has produced more than 2.6 billion barrels of cumulative gross oil production.

Ourhoud Milestone
The Ourhoud Field—the second largest in Algeria—surpassed a cumulative production milestone of 1 billion barrels of oil in 2017.

Partner of Choice®
Oxy is committed to operating responsibly; providing safe, healthy and secure workplaces; protecting the environment; maintaining high ethical standards; upholding and promoting human rights; benefiting our stakeholders; and respecting cultural norms and values, everywhere we operate.

Promoting STEAM Education
Oxy has partnered with World Learning Algeria to open the Ouargla STEAM Resource and Training Center. The center provides hands-on workshops to promote science, technology, engineering, art and math and provides teacher training sessions.

World’s Most Admired
Fortune magazine ranked Oxy among its Most Admired Companies in the Mining, Crude-Oil Production category in 2021. Oxy has made the list every reported year since 2008, including the No. 1 ranking 11 times.

Among the Largest U.S. Producers
Oxy is one of the largest oil and gas producers in the United States, with premier assets in the Permian Basin, Rockies and offshore in the Gulf of Mexico.

Low Carbon Leadership
With decades of experience in large-scale CO₂ transportation, use and storage for EOR, we are applying our carbon management expertise to advance low-carbon initiatives that will sustainably enhance our business. Oxy is focused on decreasing our total carbon footprint and helping others achieve the same goal.

Pathway to Net Zero
Oxy, leveraging its carbon management and storage expertise, expanded its vision for a low-carbon future by setting a target to achieve net-zero emissions with our operations before 2040 and an ambition to achieve net-zero emissions associated with the use of our products before 2050.

Technology and Data Analytics
Industry-leading engineering and the applied use of technology and data analytics are improving efficiency, reducing costs and driving performance. Our proprietary Oxy Drilling Dynamics technology is helping drive down costs by reducing drilling days, preventing tool failures and improving precision landing.

Top Safety Performance
Safety is an integral part of Oxy’s company culture. We take particular pride in Oxy’s safety record, which is exemplary not only in the oil and gas and chemicals industries, but compared to any industry sector.
